

Aerospace Webinar Series

# PPG Semco® – Mixing, Packaging & Dispensing

## You're Invited to an Exclusive Online Event

In order to continue serving and supporting our customers, PPG's aerospace business is excited to announce our next educational webinar in our series, complimentary to you and your employees.

Take advantage of the educational expertise of our aerospace mixing, packaging & dispensing team, who will provide an in-depth overview of our innovative products, services and technologies.

Each short webinar is under one hour and delivers valuable and timely information, as well as the unique chance to question our coatings and sealants experts.

For additional information and to register for our aerospace webinar, select your desired time and click on the link below.
