COCKPIT WINDOWS DC-10/MD-11 Airplanes

MD-11

™ & © The Boeing Company. Used under license.

PPG Aerospace – Transparencies is a leading and experienced source of replacement cockpit windshields and windows for DC-10/MD-11 airplanes. Operators of these airplanes know they can count on PPG Aerospace for transparencies that provide significant value because of their reduced life-cycle cost as a result of their service life.

New or Exchange

For operators of DC-10 and MD-11 airplanes, PPG provides options to meet transparency replacement needs.

Operators can buy new replacement windshields and side cockpit windows from PPG and enjoy the convenience and time savings of buying directly from a single source.

PPG's exchange program for DC-10 and MD-11 windshields and side cockpit windows offers cost savings over new parts. Operators return a windshield or side cockpit window to PPG and receive a new or rebuilt replacement part from stock, affording the most efficient turn times.

Overhaul and Repair

In addition, PPG is able to overhaul and repair the No. 2 clearview framed window assembly.

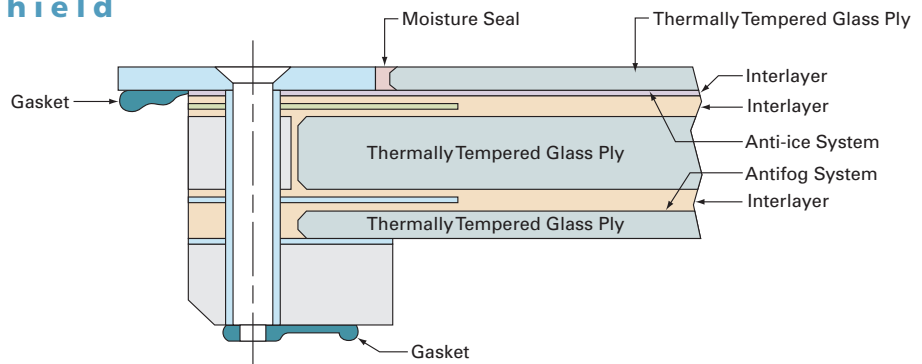

Main Windshield

Features	Benefits
Thermally Tempered Glass	<ul style="list-style-type: none"> • Scratch resistant and craze-free • Chemical resistance • Superior optical clarity • High load-carrying capabilities
NESA® Anti-ice and Antifog Heating Systems	<ul style="list-style-type: none"> • Full-coverage heating • Better optics
Urethane Interlayer	<ul style="list-style-type: none"> • Provides maximum adhesion for increased resistance to delamination and extends service life • Elasticity at low temperatures reduces potential for delamination and cold chipping

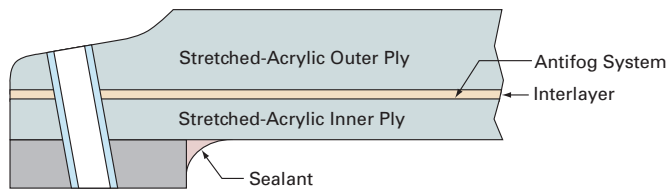

Clearview and Fixed Windows

Features	Benefits
Stretched-Acrylic Plies	<ul style="list-style-type: none"> • Lightweight • Repairable

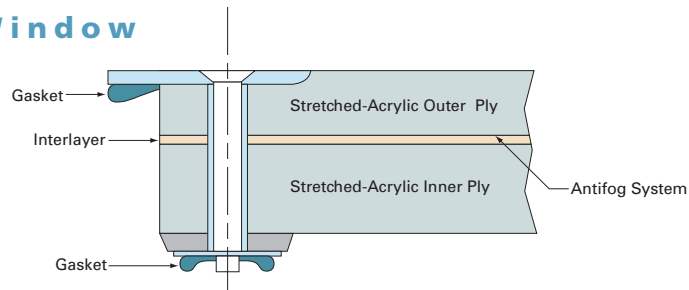

Main Windshield

No. 2 Clearview Window

No. 3 Fixed Window
